

PUBLICACIONES CIENTÍFICAS - JULIETA ARGÜERO

[Rumination syndrome and gastroparesis: Linked entities?](#) Argüero J, Cano-Busnelli V, Cavadas D, Marcolongo M. Rev Gastroenterol Mex (Engl Ed). 2021 Apr-Jun;86(2):205-207. doi: 10.1016/j.rgm.2020.05.011.
Link de acceso: <https://pubmed.ncbi.nlm.nih.gov/33261941/>

[High-resolution manometry features of paraesophageal hernia.](#) Rengarajan A, Argüero J, Yazaki E, Kadiramanthan SS, Siriwardana HPP, Brunt LM, Sifrim D, Gyawali CP. Neurogastroenterol Motil. 2020 Dec;32(12):e13947. doi: 10.1111/nmo.13947. Epub 2020 Jul 20.
Link de acceso: <https://pubmed.ncbi.nlm.nih.gov/33118680/>

[The colorectal cancer-associated faecal microbiome of developing countries resembles that of developed countries.](#) Young C, Wood HM, Seshadri RA, Van Nang P, Vaccaro C, Melendez LC, Bose M, Van Doi M, Piñero TA, Valladares CT, Argüero J, Balaguer AF, Thompson KN, Yan Y, Huttenhower C, Quirke P. Genome Med. 2021 Feb 16;13(1):27. doi: 10.1186/s13073-021-00844-8.
Link acceso: <https://pubmed.ncbi.nlm.nih.gov/33593386/>

[Analysis of an Indian colorectal cancer faecal microbiome collection demonstrates universal colorectal cancer-associated patterns, but closest correlation with other Indian cohorts.](#) Bose M, Wood HM, Young C; International C. R. C. Microbiome Network (AMS/CRUK); Quirke P, Seshadri RA. BMC Microbiol. 2023 Mar 2;23(1):52. doi: 10.1186/s12866-023-02805-0.
Link acceso: <https://pubmed.ncbi.nlm.nih.gov/36858965/>

[Treatment of supragastric belching with cognitive behavioral therapy improves quality of life and reduces acid gastroesophageal reflux.](#)

Glasinovic E, Wynter E, **Argüero J**, Ooi J, Nakagawa K, Yazaki E, Hajek P, Psych CC, Woodland P, Sifrim D. *Am J Gastroenterol*. 2018 Apr;113(4):539-547. doi: 10.1038/ajg.2018.15. Epub 2018 Feb 20.

Link acceso: <https://pubmed.ncbi.nlm.nih.gov/29460918/>

[200 mL Rapid Drink Challenge During High-resolution Manometry Best Predicts Objective Esophagogastric Junction Obstruction and Correlates With Symptom Severity.](#)

Woodland P, Gabieta-Sonmez S, **Argüero J**, Ooi J, Nakagawa K, Glasinovic E, Yazaki E, Sifrim D. *J Neurogastroenterol Motil*. 2018 Jul 30;24(3):410-414. doi: 10.5056/jnm18038.

Link acceso: <https://pubmed.ncbi.nlm.nih.gov/29969859/>

[Clinical utility of the solid meal test during high-resolution esophageal manometry. A study in a Latin American population.](#)

García-Zermeño KR, **Argüero J**, Amieva-Balmori M, Rodríguez-Aguilera O, Martínez-Conejo A, Marcolongo M, Remes-Troche JM. *Rev Gastroenterol Mex (Engl Ed)*. 2023 Jul 5:S2255-534X(23)00069-5. doi: 10.1016/j.rgmexen.2023.05.009. Online ahead of print.
